Norwottuck Rail Trail Rehabilitation Project Update

November 6, 2008

Thank you to everyone who came out for the Public Information Meeting on October 29th! We had a great turnout and received many insightful comments. If you weren't able to join us that evening, please visit DCR's Norwottuck Rail Trail Rehabilitation project web page to see the PowerPoint presentation and handouts from the meeting.

<http://www.mass.gov/dcr/projects/norwottuck>

Written or emailed comments on the proposed project are being accepted up to December 1st, 2008. Please get your comments in soon, so they can be considered during the design process.

We also encourage you to participate in the **Pre-Design Trail User Survey**, at

<http://www.mass.gov/dcr/projects/norwottuck/survey.html>

This survey gathers information on how you use the trail and offers you the opportunity to tell us how we might make it better! It takes as little as five minutes to complete and will be open until December 31, 2008. Please let all your trail-using friends and colleagues know about it, and do so soon, as the design for the rehabilitation project is ongoing and will continue to move forward.

Finally, if you'd like to receive future emails regarding the project details and public meetings, you can subscribe by visiting the Norwottuck Rail Trail Rehabilitation Project web page.

Thanks and Happy Trails!
